

Rory Weldon

4214 Lazy Creek Dr.
Marietta, GA 30066

(678)-600-1302
lweldon2@students.kennesaw.edu

Education: Kennesaw State University

Bachelor of Science in Computer Science

- Expected Graduation Date: May 2027
- GPA 3.61

Relevant Experience:

Booking Specialist/Customer Service Jan 2025 - July 2025
Three-13, Salon, Spa, and Boutique Marietta, GA

- Managed high-volume client scheduling using salon management software (Vagaro/MindBody-style POS) and multi-line phone systems
- Delivered friendly, professional customer service to resolve inquiries, cancellations, and rescheduling requests
- Maintained accurate client records and communicated effectively with salon staff to optimize daily scheduling

ML Stock Prediction System July 2025 - Present
Personal Project Remote
github.com/Art3misF0wl90/stock-predictor

- Built an end-to-end Python pipeline that predicts daily stock-price direction, using AI coding tools (Claude, Copilot) to prototype rapidly while learning the ML stack: XGBoost, logistic regression, and LSTM models trained on technical indicators, macroeconomic data, and FinBERT-derived sentiment.
- Built a Flask web app with a WebSocket LLM assistant for ticker analysis.
- Identified look-ahead bias inflating early backtest results, then redesigned the validation around walk-forward testing, which revealed the early results were unreliable.
- Currently re-architecting the system from a formal design process (requirements, ADRs, layered architecture) to replace prototyped components I couldn't fully justify.

Project Manager

Fall 2024

Intro to Software Engineering: KSU

Kennesaw, GA

- Led a 4-person development team through the full Agile software development lifecycle, delivering a functional web application for a mock pizza parlor
- Defined project scope, sourced technical resources and tools, and established sprint milestones and delivery timelines
- Facilitated daily team coordination, delegated feature tasks, and mentored members through technical and UI/UX design challenges

Research Associate

Feb 2023 - Sept 2023

Kennesaw State University: TCID Department

Kennesaw, GA

- Researched the cost-effectiveness and student adoption of open-source educational resources, evaluating whether their funding was justified
- Tracked usage and adoption rates, cost per student, and student survey feedback to measure real engagement with the resources
- Analyzed Google Analytics data on site retention and time-on-page against course due dates and exam dates to gauge how students actually used the materials
- Synthesized findings into formatted reports using Microsoft Office Suite, concluding that resource value varied by type rather than holding uniformly

Front Desk Manager

Aug 2022 - Dec 2022

Kennesaw State University: TCID Department

Kennesaw, GA

- Oversaw administrative tasks including managing incoming calls, correspondence, and front desk operations
- Utilized scheduling, data entry, and record-keeping software to maintain accurate departmental records
- Served as the primary point of contact for internal departmental communication
- Compiled and generated regular visitor traffic reports to support departmental planning

Other**Experience: Cashier & Cook**

Oct 2024 - Jan 2025

Pochino Italy

Kennesaw, GA

- Prepared fresh pasta and managed customer orders during peak hours.
- Operated POS systems, handled cash, and maintained food safety protocols.

Server/ Busser/ Food Runner

May 2025 - Present

The Cheesecake Factory

Atlanta, GA

- Deliver exceptional guest service in a high-volume, fast-paced dining environment serving 300+ customers per shift
- Coordinate with kitchen and bar staff to ensure timely, accurate order delivery.
- Maintain cleanliness, organization, and adherence to food safety standards.
- Drive revenue through upselling and personalized menu recommendations, consistently contributing to high guest satisfaction scores

Minecraft Server Administrator

August 2025 – February 2026

Personal Project

Remote

- Provisioned and configured a Linux-based dedicated server, deploying and managing a Java modded environment with 500+ mods for a community of 10+ active players
- Performed ongoing JVM performance tuning, dependency conflict resolution, and system maintenance across 6+ months of continuous uptime
- Managed user permissions, diagnosed and resolved runtime errors, and maintained server stability and uptime for the active player base.

Shift Lead - Barista

May 2022 - June 2023

Scooters Coffee Co.

Marietta, GA

- Greeted customers, took orders, and provided recommendations
- Maintained a clean and organized café environment
- Assisted in training new staff members
- Effectively handled cash transactions

Scholarships: The HOPE Scholarship, 2021 - present
Pell Grant, 2021 - present

Leadership & Campus Involvement:

Vice & Acting President – KSU Trading Card Game (TCG) Club

August 2025 – Present

- Organize tournaments and casual play events for multiple TCGs (MTG, Pokémon, Yu-Gi-Oh!, One Piece, Lorcan, and Riftbound).
- Oversee member engagement, social media, and club branding.

- Foster an inclusive and community-driven environment for new and veteran players.

IT Manager & Media Coordinator – IEEE Robotics and Automation Society

August 2022 – August 2025

- Managed social media and marketing materials for recruitment and events.
- Supported student engagement through online content and event promotion.
